VIRGINIA ELECTRIC AND POWER COMPANY

CASE NO. PUR-2021-00112

For revision of rate adjustment clause: Rider GV,
Greensville County Power Station, For the rate years
commencing April 1, 2022, and April 1, 2023

ORDER FOR NOTICE AND HEARING

On June 8, 2021, Virginia Electric and Power Company ("Dominion" or "Company") filed with the State Corporation Commission ("Commission") a biennial update of the Company's rate adjustment clause, Rider GV ("Application") pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code").¹ Through its Application, the Company seeks to recover costs associated with the Greensville County Power Station, a natural gas-fired combined-cycle electric generating facility in Greensville County, Virginia, and 500 kilovolt transmission lines, a new switching station, and associated transmission interconnection facilities in Brunswick and Greensville Counties, Virginia (collectively, the "Greensville County Project" or the "Project").²

In Case No. PUE-2015-00075,³ the Commission approved Dominion's construction and operation of the Greensville County Project and also approved a rate adjustment clause,

¹ On June 23, 2021, pursuant to 5 VAC 5-20-160 of the Commission's Rules of Practice and Procedure ("Rules of Practice"), 5 VAC 5-20-10 *et seq.*, the Commission's Staff ("Staff") filed a Memorandum of Completeness/Incompleteness stating that, upon granting the requested waiver, the Application was complete as of June 18, 2021, and that the Commission's final order in this matter is statutorily due in nine (9) months, or by March 18, 2022. *See* Code § 56-585.1 A 8.

³ *Application of Virginia Electric and Power Company, For approval and certification of the proposed Greensville County Power Station and related transmission facilities pursuant to §§ 56-580 D, 56-265.2, and 56-46.1 of the Code of Virginia, and for approval of a rate adjustment clause, designated Rider GV, pursuant to § 56-585.1 A 6 of the Code of Virginia*, Case No. PUE-2015-00075, 2008 S.C.C. designated Rider GV, for Dominion to recover costs associated with the development of the Project.⁴ The Greenville County Project became fully operational in 2016.⁵

In this proceeding, Dominion has asked the Commission to approve a biennial update procedure for Rider GV with two consecutive rate years.⁶ The proposed rate years for this proceeding are April 1, 2022, through March 31, 2023 ("Rate Year 1"), and April 1, 2023, through March 31, 2024 ("Rate Year 2").⁷ The two components of the proposed total revenue requirement for Rate Year 1 are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor.⁸ For Rate Year 1, the Company is requesting a Projected Cost Recovery Factor revenue requirement of \$130,771,000⁹ and an Actual Cost True-Up Factor revenue requirement of \$11,710,000.¹⁰ Thus, the Company is requesting a total revenue requirement of \$142,481,000 for service rendered during Rate Year 1.¹¹ The total revenue requirement for Rate Year 2 is comprised only of a Projected Cost Recovery Factor.¹² For Rate Year 2, Dominion seeks approval of a total revenue requirement of \$127,166,000.¹³

For billing purposes, Dominion requests a rate effective date for usage on and after April 1, 2022, or the first day of the month that is at least 15 days following the date of any Commission order approving Rider GV, if such date is later than April 1, 2022, for Rate Year 1. For

For purposes of calculating the revenue requirements in this case, Dominion utilized return on common equity ("ROE") of 9.2%, which is the Company's currently-authorized ROE as set by the Commission in Case No. PUR-2019-00050.¹⁴

If the proposed Rider GV revenue requirements for Rate Year 1 and Rate Year 2 are approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion, for Rate Year 1, implementation of its proposed Rider GV on April 1, 2022, would decrease the bill of a residential customer using 1,000 kilowatt hours per month by approximately \$0.10.¹⁵ The Company states that, for Rate Year 2, implementation of its proposed Rider GV on April 1, 2023, would decrease the bill of a residential customer using 1,000 kilowatt hours per month by approximately \$0.28 as compared to Rate Year 1.¹⁶ Dominion indicates it has calculated the proposed Rider GV rates in accordance with the same methodology as used for rates approved by the Commission in the most recent Rider GV proceeding, Case No. PUR-2020-00100.¹⁷

This Application is one of six filings Dominion made on or about June 8, 2021, for recovery of funds related to capital projects. If the revenue requirements in these filings are

Ann. Rept. 400, Final Order (Nov. 21, 2019). Dominion states the Commission will set an ROE in its pending triennial review proceeding, Case No. PUR-2021-00058, and the Commission-approved ROE will be applicable for use in the Projected Cost Recovery Factor component of the revenue requirement ultimately approved as part of this proceeding. approved as proposed, the cumulative impact would be a monthly increase of approximately \$0.41 for a residential customer using 1,000 kilowatt hours per month for the period April 1, 2022, through March 31, 2023.

Dominion also requests a waiver, in part, of Rules 20 VAC 5-204-60 ("Rule 60") and 20 VAC 5-204-90 ("Rule 90") of the Commission's Rules Governing Utility Rate Applications and Annual Informational Filings of Investor-Owned Electric Utilities ("Rate Case Rules") with respect to Schedule 46.¹⁸ Rule 60 states that an application for a rate adjustment clause filed pursuant to Chapter 23 of Title 56 of the Code shall include Schedule 46, which is entitled "Rate Adjustment Clauses and Prudency Determinations Pursuant to Chapter 23 (§ 56-576 *et seq.*) of the Code of Virginia." Rule 90 requires *inter alia*, that the Company provide the required data for the test period and four prior fiscal years. Schedule 46 requires an applicant to provide certain information, including "[k]ey documents supporting the projected and actual costs recovered through the rate adjustment clause, such as: economic analyses, support used by senior management for major cost decisions as determined by the applicant, contracts, studies, investigations, results from requests for proposals, cost-benefit analyses, and other items supporting the costs that have not been provided in previous applications."¹⁹ According to Dominion, the supporting documentation responsive to this requirement is voluminous and therefore the Company proposes to provide the documentation in electronic format only.²⁰

Finally, in conjunction with the filing of its Application, the Company filed the Motion of Virginia Electric and Power Company for Entry of a Protective Ruling ("Motion for Protective

Ruling") and a proposed protective ruling that establishes procedures governing the use of confidential information in this proceeding.²¹

NOW THE COMMISSION, upon consideration of this matter, is of the opinion and finds that this matter should be docketed; the Company should provide public notice of its Application; public hearings should be scheduled for the purpose of receiving testimony and evidence on the Application; interested persons should have an opportunity to file comments on the Application or to participate in this proceeding as a respondent; and the Staff should be directed to investigate the Application and to file testimony and exhibits containing its findings and recommendations thereon.

We find that a Hearing Examiner should be assigned to conduct all further proceedings in this matter on behalf of the Commission, including ruling on the Company's Motion for Protective Ruling and filing a final report containing the Hearing Examiner's findings and recommendations.

Further, for purposes of making the Application complete and commencing this proceeding, we grant Dominion's request to waive in part the requirements under Rule 60 and Rule 90 of the Rate Case Rules with respect to the filing of certain Schedule 46 materials.

- Virginia Electric and Power Company d/b/a Dominion Energy Virginia ("Dominion") has applied for approval to revise its rate adjustment clause, Rider GV.
- In this case, Dominion has asked the State Corporation Commission ("Commission") to approve a biennial update procedure for Rider GV with two consecutive rate years. - For Rate Year 2, Dominion requests a revenue requirement of \$127,166,000, which would decrease the bill of a typical residential customer using 1,000 kilowatt hours of electricity per month by \$0.28 as compared to Rate Year 1.
- A Hearing Examiner appointed by the Commission will hold a telephonic hearing in this case on November 9, 2021, at 10 a.m., for the receipt of public witness testimony.
- An evidentiary hearing will be held on November 10, 2021, at 10 a.m., either in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, or by electronic means. Further details on this hearing will be provided by subsequent Commission Order or Hearing Examiner's Ruling.
- Further information about this case is available on the Commission website at: scc.virginia.gov/pages/Case-Information.

On June 8, 2021, Virginia Electric and Power Company ("Dominion" or "Company") filed with the State Corporation Commission ("Commission") a biennial update of the Company's rate adjustment clause, Rider GV ("Application") pursuant to § 56-585.1 A 6 of the Code of Virginia. Through its Application, the Company seeks to recover costs associated with the Greensville County Power Station, a natural gas-fired combined-cycle electric generating facility in Greensville County, Virginia, and 500 kilovolt transmission lines, a new switching station, and associated transmission interconnection facilities in Brunswick and Greensville Counties, Virginia (collectively, the "Greensville County Project" or the "Project").

In Case No. PUE-2015-00075, the Commission approved Dominion's construction and operation of the Greensville County Project and also approved a rate adjustment clause, designated Rider GV, for Dominion to recover costs associated with the development of the Project. The Greensville County Project became fully operational in 2016.

In this proceeding, Dominion has asked the Commission to approve a biennial update procedure for Rider GV with two consecutive rate years. The proposed rate years for this proceeding are April 1, 2022, through March 31, 2023 ("Rate Year 1"), and April 1, 2023, through March 31, 2024 ("Rate Year 2"). The two components of the proposed total revenue requirement for Rate Year 1 are the Projected Cost Recovery Factor and the Actual Cost True Up Factor. For Rate Year 1, the Company is requesting a Projected Cost Recovery Factor revenue requirement of \$130,771,000 and an Actual Cost True Up Factor revenue requirement of \$11,710,000. Thus, the Company is requesting a total revenue requirement of \$142,481,000 for service rendered during Rate Year 1. The total revenue requirement for Rate Year 2 is comprised only of a Projected Cost Recovery Factor. For Rate Year 2, Dominion seeks approval of a total revenue requirement of \$127,166,000.

For purposes of calculating the revenue requirements in this case, Dominion utilized return on common equity ("ROE") of 9.2%, which is the Company's currently authorized ROE as set by the Commission in Case No. PUR-2019-00050.

If the proposed Rider GV revenue requirements for Rate Year 1 and Rate Year 2 are approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion, for Rate Year 1, implementation of its proposed Rider GV on April 1, 2022, would decrease the bill of a residential customer using 1,000 kilowatt hours of electricity per

month by approximately \$0.10. The Company states that, for Rate Year 2, implementation of its proposed Rider GV on April 1, 2023, would decrease the bill of a residential customer using 1,000 kilowatt hours of electricity per month by approximately \$0.28 as compared to Rate Year 1. Dominion indicates it has calculated the proposed Rider GV rates in accordance with the same methodology as used for rates approved by the Commission in the most recent Rider GV proceeding, Case No. PUR-2020-00100.

This Application is one of six filings Dominion made on or about June 8, 2021, for recovery of funds related to capital projects. If the revenue requirements in these filings are approved as proposed, the cumulative impact would be a monthly increase of approximately \$0.41 for a residential customer using 1,000 kilowatt hours of electricity per month.

Interested persons are encouraged to review Dominion's Application and supporting documents in full for details about these and other proposals.

TAKE NOTICE that the Commission may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Application and supporting documents and thus may adopt rates that differ from those appearing in the Company's Application and supporting documents.

The Commission entered an Order for Notice and Hearing that, among other things, scheduled public hearings on Dominion's Application. On November 9, 2021, at 10 a.m., a Hearing Examiner appointed by the Commission will hold a telephonic hearing for the purpose of receiving the testimony of public witnesses, with no public witness present in the Commission's courtroom. On or before November 5, 2021, any person desiring to offer testimony as a public witness shall provide to the Commission (a) your name, and (b) the telephone number that you wish the Commission to call during the hearing to receive your testimony. This information may be provided to the Commission in three ways: (i) by filling out a form on the Commission's website at scc.virginia.gov/pages/Webcasting; (ii) by completing and emailing the PDF version of this form to SCCInfo@scc.virginia.gov; or (iii) by calling (804) 371-9141. This public witness hearing will be webcast at scc.virginia.gov/pages/Webcasting.

On November 10, 2021, at 10 a.m., either in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, or by electronic means, a Hearing Examiner appointed by the Commission will convene a hearing to receive testimony and evidence offered by the Company, any respondents, and the Commission's Staff on the Company's Application. Further details on this hearing will be provided by subsequent Commission Order or Hearing Examiner's Ruling.
